

Founded in 2021, Lorenzo's House is a virtual, global non-profit organization bringing innovation to younger-onset dementia (YOD) [symptoms before age 65]

We are shifting the narrative and changing the way society thinks, experiences and responds to dementia

HEALING IN COMMUNITY

MATCH: one-on-one, carer to carer connection with a peer who understands

CLUBS: virtual spaces to share common stories, exchange insights and find community

SUMMIT: worldwide virtual youth-led event designed to educate, advocate & empower
